— [redacted] has instructed that all Agency components be alert to the following problem involving consultants.

— A contract consultant -- under contract to component "A" -- will visit component "B" at his own or [redacted] component "B"'s initiative. While there he may give or [redacted] be asked for his opinion. He gives same and later puts in a bill to

component "A" for the services provided to "B".

— In the future, when such occurs, component "B" will be charged and pay for such bills, unless arrangements have been made beforehand with the contracting component.

(Note - one implication has been that the consultant has been drumming up business in this way without even giving service)

(Note 2 - Ok to be a consultant!)
